

1. Record Nr.	UNINA9910793191403321
Titolo	Glaucoma [[electronic resource] /] / editor, Douglas J. Rhee
Pubbl/distr/stampa	Philadelphia, : Wolters Kluwer Health, 2018
ISBN	1-4963-6350-7
Edizione	[3rd ed.]
Descrizione fisica	1 online resource
Collana	Color atlas & synopsis of clinical ophthalmology-Wills Eye Hospital
Altri autori (Persone)	RheeDouglas J
Disciplina	617.7/41
Soggetti	Glaucoma Atlases
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Intro -- Front Matter -- Title Page -- Copyright -- Dedication -- Contents -- Contributors -- About the Series -- Preface -- Acknowledgments -- SECTION I: GLAUCOMA DIAGNOSIS -- CHAPTER 1: Introduction to Glaucoma Diagnosis -- CHAPTER 2: Basics of Aqueous Flow and the Optic Nerve -- Aqueous Flow -- Optic Nerve -- CHAPTER 3: Tonometry -- Introduction -- Goldmann Applanation Tonometer -- Schiottz Tonometer -- Perkins Tonometer -- Tono-Pen -- Pneumotonometer -- Dynamic Contour Tonometry -- Icare Tonometer -- CHAPTER 4: Gonioscopy -- Introduction -- Direct Gonioscopy -- Indirect Gonioscopy -- Estimating the Anterior Chamber Depth -- Anterior Segment Imaging -- Technique -- Elements of the Angle Anatomy -- Identification of Angle Structures -- Classification of the Angle -- Pigment Deposition and Gonioscopy -- Iridocorneoendothelial Syndrome (Ice Syndrome) -- Error Factors on Gonioscopy -- Use of Gonioscopy in Trauma -- Traumatic Intraocular Foreign Bodies -- Postoperative Evaluation -- CHAPTER 5: Anterior Segment Imaging -- Introduction -- Angle-Closure Glaucoma -- Open-Angle Glaucoma -- Other Conditions -- Surgery and Glaucoma -- Aqueous Outflow Pathway -- CHAPTER 6: Optic Nerve Imaging -- Introduction -- Stereophotography -- Confocal Scanning Laser Ophthalmoscopy -- Scanning Laser Polarimetry -- Optical Coherence Tomography -- CHAPTER 7: Glaucoma Imaging: Optic Nerve Head, Peripapillary, and Macular Regions -- Introduction -- Functional Tests -- Automated Perimetry -- Acknowledgments -- Glaucoma Progression Analysis --

Electrophysiology Tests -- Structural Tests -- Photography -- Confocal Scanning Laser Ophthalmoscopy -- Optical Coherence Tomography -- CHAPTER 8: Psychophysical Testing -- Introduction -- Purpose of Test -- Description -- Common Optic Nerve Visual Fields Found in Patients with Glaucoma.

Newer Psychophysical Testing: Frequency-Doubling Perimetry and Short-Wave Automated Perimetry -- CHAPTER 9: Blood Flow in Glaucoma -- Introduction -- Optical Coherence Tomography Angiography -- Spectral Retinal Oximetry -- Doppler Optical Coherence Tomography -- Confocal Scanning Laser Doppler Flowmetry -- Scanning Laser Ophthalmoscope Angiography -- Color Doppler Imaging -- Measurement of Ocular Pulsation (Pulsatile Ocular Blood Flow) -- Disclosures -- SECTION II: CLINICAL SYNDROMES -- CHAPTER 10: Introduction to Clinical Syndromes -- CHAPTER 11: Childhood Glaucomas (Congenital Glaucomas) -- Introduction -- Primary Congenital Glaucoma -- Glaucoma Associated with Congenital Anomalies -- Aniridia -- Axenfeld Anomaly -- Rieger Anomaly -- Rieger Syndrome -- Peters Anomaly -- Marfan Syndrome -- Microspherophakia -- Sturge-Weber Syndrome (Encephalotrigeminal Angiomatosis) -- Neurofibromatosis (Von Recklinghausen Disease and Bilateral Acoustic Neurofibromatosis) -- Congenital Anterior Staphyloma and Keratectasia -- Sclerocornea -- Ectopia Lentis and Ectopia Lentis Et Pupillae -- CHAPTER 12: Primary Open-Angle Glaucoma -- Introduction -- Definition -- Epidemiology -- Pathophysiology -- History -- Clinical Examination -- Special Tests -- Treatment -- A Conceptual Approach to the Treatment of Glaucoma -- Reversibility of Glaucoma -- CHAPTER 13: Secondary Open-Angle Glaucoma -- Pigment Dispersion Syndrome -- Pseudoexfoliation Syndrome -- Steroid-Responsive Glaucoma -- CHAPTER 14: Uveitic Glaucomas -- Introduction -- Epidemiology -- Etiology -- Open-Angle Mechanisms -- Closed-Angle Mechanisms -- Diagnosis -- Management -- Management of Angle-Closure Glaucoma -- Specific Entities -- Fuchs Heterochromic Iridocyclitis -- Glaucomatocyclitic Crisis (Posner-Schlossman Syndrome) -- Herpetic Keratouveitis -- Diagnostic Evaluation -- Syphilitic Interstitial Keratitis.

Juvenile Idiopathic Arthritis -- Lens-Induced Uveitis and Glaucoma -- Sarcoidosis -- CHAPTER 15: Lens-Associated Open-Angle Glaucomas -- Introduction -- Lens Protein or Phacolytic Glaucoma -- Lens Particle Glaucoma -- Lens-Associated Uveitis (Phacoanaphylaxis) -- Phacomorphic Glaucoma -- CHAPTER 16: Traumatic Glaucoma -- Introduction -- Traumatic Hyphema -- Angle Recession -- Cyclodialysis Cleft -- CHAPTER 17: Primary Acute Angle-Closure and Chronic Angle-Closure Glaucoma -- Background -- Primary Acute Angle Closure -- CHAPTER 18: Secondary Angle-Closure Glaucoma -- Neovascular Glaucoma -- Iridocorneal Syndromes -- Aqueous Misdirection Syndrome (Malignant Glaucoma) -- CHAPTER 19: Glaucoma Secondary to Elevated Venous Pressure -- Introduction -- Carotid-Cavernous Fistula -- Sturge-Weber Syndrome -- Idiopathic Elevated Episcleral Venous Pressure -- Other Causes of Elevated Episcleral Venous Pressure -- SECTION III: GLAUCOMA MANAGEMENT -- CHAPTER 20: Introduction to Glaucoma Management -- What is the Goal of Treatment? -- How Do We Lower Intraocular Pressure in Glaucoma? -- What May the Future Hold? -- CHAPTER 21: Medical Management -- Introduction -- Description and Physiology -- Alpha Agonists -- Beta-Blockers -- Carbonic Anhydrase Inhibitors -- Hyperosmolar Agents -- Miotics -- Prostaglandins -- Sympathomimetic Agents -- Combination Agents -- Technique of Drop Instillation -- CHAPTER 22: Laser Trabeculoplasty -- Indications --

Argon Laser Trabeculoplasty -- Selective Laser Trabeculoplasty --  
Selective Laser Trabeculoplasty as Initial Treatment -- CHAPTER 23:  
Deep Sclerectomy Surgery for Glaucoma -- Introduction -- Studies --  
Surgical Technique -- Postoperative Care -- Conclusion -- CHAPTER  
24: Trabeculectomy, the Ex-PRESS Mini Glaucoma Shunt, and the Xen  
Gel Stent -- Trabeculectomy -- Surgical Technique -- Postoperative  
Care -- Complications.  
Ex-PRESS Mini Glaucoma Shunt -- Surgical Technique -- Xen Glaucoma  
Implant (AqueSys Xen Gel Stent [Allergan, Dublin]) -- Acknowledgment  
-- CHAPTER 25: Glaucoma Drainage Devices -- Description -- Surgical  
Technique -- CHAPTER 26: Schlemm Canal-Based Surgery --  
Introduction -- Indications -- Canaloplasty -- Trabecular Meshwork  
Ablating Procedures: Trabectome, Kahook Dual Blade, and Gonioscopy-  
Assisted Transluminal Trabeculotomy -- iStent -- CHAPTER 27:  
Cyclodestructive Procedures for Glaucoma -- Introduction --  
Indications -- Contraindications -- Techniques -- Noncontact  
Transscleral Cyclophotocoagulation -- Contact Transscleral  
Cyclophotocoagulation -- Micropulse Transscleral  
Cyclophotocoagulation -- Cyclocryotherapy -- Transpupillary  
Cyclophotocoagulation -- Endoscopic Cyclophotocoagulation --  
Postprocedure Care -- CHAPTER 28: Late Complications of Glaucoma  
Surgery -- Introduction -- Hypotony -- Bleb Leaks -- Giant Blebs --  
The Failing Bleb: Encapsulation -- Circumferential Bleb -- Tube Shunt  
Erosions -- CHAPTER 29: Supraciliary Microstent Surgery --  
Introduction -- Cypass Microstent -- Index.
