Nota di contenuto	Strong spirits and healing wounds : the minorities during conflicts and aftermath, pre-1955 -- Unlikely Cold-War allies : young challenges to the border struggle and isolationism, c. 1955-1962 -- New ideas of a united Europe : generational differences on being Danish, German and European, c. 1955-1963 -- Contesting, celebrating and questioning : generational differences on the past and politics, c. 1960-65 -- Young people enjoying life and having fun : life is too good to fight a national struggle, c. 1957-1967 -- But who are we ...? : independent young voices on kin-state relations and perceptions of the meanings of belonging to a national minority, c. 1965-1970 -- Young people of their time? Gender, global interests and (non) rebellions, c. 1967-1971.
Sommario/riassunto	"In the nineteenth century, the hotly disputed border region between Denmark and Germany was the focus of an intricate conflict that

complicates questions of ethnic and national identity even today. Beyond the Border reconstructs the experiences of both Danish and German minority youths living in the area from the 1950s to the 1970s, a period in which relations remained tense amid the broader developments of Cold War geopolitics. Drawing on a remarkable variety of archival and oral sources, the author provides a rich and fine-grained analysis that encompasses political issues from the NATO alliance and European integration to everyday life and popular culture"
