Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Positive measures to prevent and remedy discrimination have been adopted in many parts of the world. By comparing the scope and form of such measures in different legal systems, we can gain a better perspective on our own system, and appreciate possible new approaches. This book compares positive anti-discrimination measures in the United States, India, Brazil, South Africa, Canada, the United Kingdom, and the European Union.
