

1. Record Nr.	UNINA9910793747903321
Autore	Aracich Charles
Titolo	180 days of geography for fourth grade // author, Chuck Aracich
Pubbl/distr/stampa	Huntington Beach, California : , : Shell Education, , [2018] ©2018
Descrizione fisica	1 online resource (246 pages) : illustrations, maps
Collana	Practice-assess-diagnose
Disciplina	372.13
Soggetti	Education, Elementary - Activity programs Problems and Exercises exercise books. Problems and exercises. Problemes et exercices.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Introduction -- How to use this book -- Standards correlations -- Daily practice pages -- Answer key -- Rubrics -- Analysis pages -- Digital resources.
Sommario/riassunto	This classroom resource provides teachers with weekly geography units that build students' geography knowledge, and are easy to incorporate into the classroom. In a world that is becoming more connected and globalized, 21st century students must have the skills necessary to understand their world and how geography affects them and others. Students will develop their map and spatial skills, learn how to answer text- and photo-dependent questions, and study the 5 themes of geography. Each week covers a particular topic and introduces students to a new place or type of map. The first two weeks consist of a mini-unit that focuses entirely on map skills. For additional units, students will study various places, and how culture and geography are related. With a focus on US states, students will explore various types of maps including physical maps, political maps, topographic maps, thematic maps, climate maps, and various topics including scale, legends, cardinal directions, latitude and longitude, and more. Aligned to state standards and National Geography Standards, this resource includes

digital materials.
