McElroy and Nicole Meier -- 10. Performance John J. McGavin and Domhnall Uilleam Stiubhart -- 11. Translation / Kaarina Hollo and Thomas Rutledge.
Sommario/riassunto	Between 1400 and 1650 Scotland underwent a series of drastic changes, in court, culture, and religion. Renaissance and Reformation, the Union of the Crowns, and the Wars of the Three Kingdoms all shaped the nation, shifting and recasting Scotland's established relationships with Europe, the Mediterranean world, and with England. This International Companion traces the impact of these sweeping historical transformations on Scotland's literatures, in English, Gaelic, Latin and Scots, and provides a comprehensive overview to the major

cultural developments of this turbulent age.
