

1. Record Nr.	UNINA9910793821203321
Autore	Moraga Paula
Titolo	Geospatial health data : modeling and visualization with R-INLA and Shiny // Paula Moraga
Pubbl/distr/stampa	Boca Raton : , : CRC Press, , 2020
ISBN	1-000-73215-0 1-000-73203-7 0-429-34182-2
Descrizione fisica	1 online resource (295 pages)
Collana	Chapman & Hall/CRC biostatistics series
Disciplina	614.42
Soggetti	Medical mapping
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	"This book shows how to model disease risk and quantify risk factors using areal and geostatistical data. It also shows how to create interactive maps of disease risk and risk factors, and describes how to build interactive dashboards and Shiny web applications that facilitate the communication of insights to collaborators and policy makers"--
