Nota di bibliografia	Includes bibliographical references (pages 136-137) and index.
Nota di contenuto	How capitalism evolved -- How modern capitalism works -- Capitalism in crisis -- Adapting the capitalist model -- Conclusion -- Further reading -- Picture credits.
Sommario/riassunto	Is Capitalism Working? is a highly relevant question today--not least to a generation coming of age in a world still experiencing aftershocks from the near-meltdown of the world economy in 2008. Economic theory can be complex, but Jacob Field's well-structured and thought-provoking text lays out the debate in a clear, accessible and engaging manner. Infographics and timelines ensure that readers grasp the basic tenets, history and context of capitalism, without distracting from the compelling arguments. Jacob Field presents a measured conclusion that reviews the evidence on each side, allowing room for the reader to draw his or her own conclusions.
