Disciplina	362.8808
Soggetti	Indigenous peoples - Crimes against Indigenous peoples - Legal status, laws, etc Colonization - History
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references (pages 231-254) and index.
Nota di contenuto	here is powerful evidence that the colonization of Indigenous people was and is a crime, and that that crime is on-going. Achieving historical colonial goals often meant committing acts that were criminal even at the time. The consequences of this oppression and criminal victimization is perhaps the critical factor explaining why Indigenous people today are overrepresented as victims and offenders in the settler colonist criminal justice systems. This book presents an analysis of the relationship between these colonial crimes and their continuing criminal and social consequences that exist today. The authors focus primarily on countries colonized by Britain, especially the United States. Social harm theory, human rights covenants, and law are used to explain the criminal aspects of the historical laws and their continued effects. The final chapter looks at the responsibilities of settler-colonists in ameliorating these harms and the actions currently being taken by Indigenous people themselves. - from book cover.
Sommario/riassunto	There is powerful evidence that the colonization of Indigenous people was and is a crime, and that that crime is on-going.
