Tanzi -- The Nile River Basin : on the road towards inevitable cooperation? / Salman M.A. Salman -- Dispute settlement in the Arctic : continuity and change / Rolf Einar Fife -- Delimitation settlement of the Continental Shelf in the Arctic Ocean : present state and possible legal solutions / Viatcheslav Gavrilov -- Canada's Arctic disputes : cooperation bridges, foggy futures / David L. VanderZwaag.

Sommario/riassunto

A Bridge Over Troubled Waters: Dispute Resolution in the Law of International Watercourses and the Law of the Sea' takes stock of the progress made thus far in the resolution of disputes concerning international watercourses and the oceans, in addition to considering their future paths. Written by renowned academics and practitioners, the chapters of this edited collection enable the reader to reflect on the achievements and setbacks that characterize each field and their potential for cross-fertilization. Four major themes are explored: the shifting boundaries of "traditional" methods of dispute settlement; the contributions made by relevant organizations to dispute settlement; the interplay between substantive and procedural rules; and case studies on dispute resolution in the Nile and the Arctic.
