Soggetti	Surgery Surgery in art Surgery - History - 19th century Chirurgie Fachliteratur Illustration Medizin
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	The nineteenth century saw a complete transformation of the practice and reputation of surgery. 'Crucial interventions' follows its increasingly optimistic evolution, drawing from the very best examples of rare surgical textbooks with a focus on the extraordinary visual materials of the mid-nineteenth century. Unnerving and graphic, yet beautifully rendered, these fascinating illustrations include step-by-step surgical techniques paired with medical instruments and painted depictions of operations in progress. Arranged for the layman from head to toe, and accompanied by an authoritative, eloquent and inspiring narrative from medical historian Richard Barnett, author of 2014 bestseller 'The sick rose, 'Crucial interventions' is a unique and captivating book on one of the world's most mysterious and macabre professions, and promises to be another success.
