## Sommario/riassunto

Under what conditions are budget institutions likely to be strengthened? We find that fiscal deficits do not help in focusing policymakers on undertaking reforms. To the contrary, the larger the deficit, the lower is the likelihood of reforms. Large deficits apparently imply strong claims on the budget and, hence, generate unwillingness to impose self-discipline. As such, countries will tend to move either to small fiscal deficits and good institutions or large deficits and weak institutions. Economic shocks (if they are large enough) can help build a constituency for improving budget institut

Sommario/riassunto	"Mentoring and coaching are becoming widely recognised as a means to promote student success, retention and attainment. Such programmes help students to transition into university life and achieve

the best possible outcome from their experience. For a mentoring or coaching scheme to benefit students, however, it's important to follow best practice. This book will guide you through the crucial stages and possible pitfalls of setting up your own coaching or mentoring programme. The first section outlines what these terms mean, how they can be used and the attributes required to be a good coach or mentor. The book goes on to guide you step by step through the processes of planning a programme, recruiting coaches or mentors, matching them to mentees and evaluating the end result. The final chapters discuss more specialised programmes, such as e-mentoring and using university mentors for school pupils"--
