Soggetti	Group identity - Europe - History National characteristics, European Civilization, Modern - Philosophy Discourse analysis - Europe Europe Civilization History
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Sommario/riassunto	While the term 'Europe' was used sporadically in ancient and medieval times, it proliferated between the fifteenth and sixteenth centuries, and gained a prevalence in the seventeenth and eighteenth centuries which it did not possess before. Although studies on the history of the idea of Europe abound, much of the vast body of early modern sources has still been neglected. Assuming that discourses tend to transcend linguistic, historical and generic boundaries, this book has gathered experts from various fields of study who examine vernacular and Latin negotiations of Europe from the late fifteenth to the early eighteenth century. This multi-angled approach serves to identify similarities and differences in the discourses on Europe within their different national and cultural communities. Contributors are Ovanes Akopyan, Volker Bauer, Piotr Chmiel, Nicolas Detering, Stefan Ehrenpreis, Niels Grüne, Peter Hanenberg, Ulrich Heinen, Ronny Kaiser, Niall Oddy, Katharina N. Piechocki, Dennis Pulina, Marion Romberg, Lucie Storchová, Isabella Walser-Bürgler, Michael Wintle, and Enrico Zucchi.
