Livello bibliografico	Monografia
Nota di contenuto	Zoning in -- "Once upon a time" : The twilight zone and genre -- "The prime mover" : The twilight zone and authorship -- "What's in the box" : The twilight zone and the real world -- Zoning out.
Sommario/riassunto	CBS's The twilight zone (1959-1964) remains a benchmark of serious telefantasy and one of the most iconic series in the history of American television. Barry Keith Grant carefully situates The twilight zone within the history of broadcast television and American culture, both of which were changing dramatically during the five seasons the series originally aired. At the same time, the genres of science fiction, horror, and fantasy were moving from marginal to mainstream, a cultural shift that The twilight zone was both part of and largely responsible for. Grant begins by considering The twilight zone's use of genre conventions and iconography to craft its pithy parables. The show shared visual shorthand that addressed both older audiences familiar with Hollywood movies but unfamiliar with fantasy and science fiction as well as younger audiences more attuned to these genres. Rod Serling looms large in the book as the main creative force of The twilight zone, and Grant explains how he provided the show's artistic vision and its place within the various traditions of the fantastic. Tracing motifs and themes in numerous episodes, Grant demonstrates how The twilight zone functioned as an ideal example of collective authorship that powerfully expressed both timeless terrors and the anxieties of the age, such as

the Cold War, in thought-provoking fantasy. Grant argues that the imaginary worlds offered by the show ultimately endorse the Americanism it simultaneously critiques. The striking blending of the fantastic and the familiar that Grant identifies in *The Twilight Zone* reflected Serling's goal of offering serious stories in a genre that had previously been targeted only to juvenile television audiences. Longtime fans of the show and new viewers of Jordan Peele's 2019 reboot alike will enjoy this deep dive into the original series' history, style, and significance.
