Sommario/riassunto	Barber Shop Chronicles is a generously funny, heart-warming and insightful new play set in five African cities, Johannesburg, Harare, Kampala, Lagos, Accra, and in London. Inspired in part by the story of a Leeds barber, the play invites the audience into a unique environment where the banter may be barbed, but the truth always telling. The barbers of these tales are sages, role models and father figures who keep the men together and the stories alive.
