Sommario/riassunto	Long description: ``This publication is unique not only on a national but also international scale. It concerns the subject of the European Union's relations with Egypt after 2011 (including the earlier period), which is a highly topical issue and a very difficult one to analyse and explain. It is the outcome of a research grant titled 'The European Union towards the Transformation Processes in Egypt after 2011.' The authors largely belong to a small group of experts on North Africa and the Middle East, including Egypt. They are familiar with the literature on the subject from around the world and EU legislation. A significant strength of this project concerns the fieldwork carried out on site, in Egypt (literature, documents, interviews and observation), as well as direct contacts with European Union officials."
