Nota di contenuto	Critical perspectives on migration and health -- Health in transit -- Healthcare access and utilization -- The clinical encounter -- Communicable disease -- Labor and occupational health -- Gender, sexuality, and migrant health -- Health impacts of enforcement, detention, and deportation -- Forced displacement : refugee and asylum-seeker health.
Sommario/riassunto	"Migration and Health offers a radical rethinking of the field by unsettling conventional ideas of mobility and borders to highlight the ways in which they produce health inequalities. It illustrates how a critical perspective can deepen our understanding of the relationship between migration and health"--
