De-extinction -- Epilogue -- Acknowledgments -- Notes -- About Mike Stark -- Illustrations.
Sommario/riassunto	"Chasing the Ghost Bear explores modern research into one of the legendary but overlooked extinct mammals from the Pleistocene epoch, the short-faced bear. Mammoths and sabertoothed cats receive most of the popular attention, but these wide-ranging bears may have ruled the West prior to the Ice Age extinctions that left grizzlies and bison as the largest mammals of the American West"--
