

1. Record Nr.	UNINA9910795766003321
Autore	Sandhu Guri S
Titolo	Laryngology : A Case-Based Approach
Pubbl/distr/stampa	San Diego : , : Plural Publishing, Incorporated, , 2018 ©2020
ISBN	1-944883-60-6
Descrizione fisica	1 online resource (638 pages)
Altri autori (Persone)	AllenJacqueline NouraeiS. A. Reza
Disciplina	617.5/1
Soggetti	Larynx
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Intro -- Foreword -- Preface -- Contributors -- Section I. Pediatric -- Chapter 1. Congenital Stridor -- Chapter 2. Laryngomalacia -- Chapter 3. Laryngeal Cleft -- Chapter 4. Laryngeal Webs -- Chapter 5. Pediatric Post-Intubation Airway Stenosis -- Chapter 6. Long-Segment Tracheal Stenosis -- Chapter 7. Subglottic Hemangioma -- Chapter 8. The Drooling Child -- Chapter 9. Supraglottic Cystic Lesion -- Chapter 10. Pediatric Pharyngoesophageal Trauma Leading to Phagophobia -- Chapter 11. Caustic Substance Ingestion in Children: New Management Strategies Versus Traditional Approaches -- Section II. Voice and Airway -- Chapter 12. Phonotrauma Management -- Chapter 13. Phonotrauma -- Chapter 14. Dysphonia and Hemorrhage in Singers -- Chapter 15. Vocal Fold Scar -- Chapter 16. Chronic Laryngeal Inflammation -- Chapter 17. Reinke's Edema -- Chapter 18. External Laryngeal Trauma -- Chapter 19. Laryngitis -- Chapter 20. Tuberculosis of the Larynx -- Chapter 21. Recurrent Respiratory Papillomatosis Disease Progression in Pregnancy -- Chapter 22. Vocal Granuloma -- Chapter 23. Anterior Glottic Webs -- Chapter 24. Assessment and Management of Vocal Fold Paresis in a Singer -- Chapter 25. Early Laryngeal Carcinoma Involving the Anterior Commissure -- Chapter 26. Laryngeal Dysplasia and Early Glottic Cancer -- Chapter 27. Laryngeal Leukoplakia -- Chapter 28. Irradiated Larynx and Voice Issues -- Chapter 29. Laryngeal Chondrosarcoma --

Chapter 30. Bilateral Vocal Fold Mobility Impairment -- Chapter 31. Bilateral Recurrent Laryngeal Nerve Injury and Selective Laryngeal Reinnervation -- Chapter 32. Atypical Spasmodic Dysphonia with Tremor -- Chapter 33. Dysphonia in the Elderly -- Chapter 34. Functional (Adaptive) Dysphonia: Considerations in Evaluation and Treatment -- Chapter 35. Episodic Laryngeal Breathing Disorders. Chapter 36. Exercise-Induced Laryngeal Obstruction -- Chapter 37. Inducible Laryngeal Obstruction -- Chapter 38. Treatment of Idiopathic Subglottic Stenosis During Pregnancy -- Chapter 39. Intubation-Related Tracheal Stenosis -- Chapter 40. Rare Complications of Percutaneous Tracheostomies -- Chapter 41. Management of the Airway in Thyroid Disease -- Section III. General/Systemic -- Chapter 42. A Case of Upper Respiratory Infection, Reflux, and Persistent Cough -- Chapter 43. Globus -- Chapter 44. Anterior Glottoplasty for Voice Feminization -- Chapter 45. The Larynx in Systemic Inflammation -- Chapter 46. Pemphigus Vulgaris -- Chapter 47. Relapsing Polychondritis and the Airway -- Section IV. Dysphagia/Swallowing -- Chapter 48. Impaired Laryngeal Response to Cough Reflex Testing -- Chapter 49. Voice and Swallowing Difficulties in Parkinsonian-type Multiple System Atrophy -- Chapter 50. Lower Cranial Nerve Palsy -- Chapter 51. Vagal Injury Following Ruptured Carotid Pseudoaneurysm -- Chapter 52. Dysphagia Following Head and Neck Cancer -- Chapter 53. Neurologically Impaired Pharynx -- Chapter 54. Cricopharyngeal Dysfunction -- Chapter 55. Systemic Sclerosis/CREST Syndrome and Swallow Dysfunction -- Index.

---

Sommario/riassunto

Laryngology: A Case-Based Approach is an invaluable new text for clinicians and students covering evidence-based assessment and management of a full range of laryngological conditions. This unique text examines 55 common and rare cases and covers pediatric and adult patients. The cases are separated into four sections: pediatric, voice and airway, general/systemic, and dysphagia/swallowing.
