

1. Record Nr.	UNINA9910795832303321
Autore	Diz Dios Pedro
Titolo	Oral Medicine and Pathology at a Glance
Pubbl/distr/stampa	Hoboken : , : John Wiley & Sons, Incorporated, , 2016 ©2016
ISBN	9781119121350 9781119121343
Edizione	[2nd ed.]
Descrizione fisica	1 online resource (143 pages)
Collana	At a Glance (Dentistry) Ser.
Altri autori (Persone)	ScullyCrispian Paes de AlmeidaOslei BagnJosé V Mosqueda TaylorAdalberto
Disciplina	617.522
Soggetti	Mouth--Diseases Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Intro -- Title Page -- Copyright Page -- Contents -- Preface -- About the companion website -- Chapter 1 Examination of extraoral tissues -- Head and neck -- Cranial nerves -- Limbs -- Reference -- Chapter 2 Examination of mouth, jaws, temporomandibular region and salivary glands -- Mouth -- Jaws -- Temporomandibular joint (TMJ) -- Salivary glands -- Chapter 3 Investigations: Histopathology -- Mucosal biopsy -- Other techniques -- Brush biopsy -- Labial salivary gland biopsy -- Chapter 4 Investigations: Microbiology -- Reference -- Chapter 5 Investigations: Imaging -- Chapter 6 Investigations: Blood tests -- Referring a patient for specialist opinion -- Chapter 7 Anatomical variants and developmental anomalies -- Fordyce spots ("Fordyce granules") -- Diagnostic features -- Management -- Prognosis -- Fissured tongue (scrotal or plicated tongue) -- Diagnostic features -- Management -- Prognosis -- Stafne cyst or bone cavity -- Torus palatinus -- Diagnostic features -- Management -- Prognosis -- Torus mandibularis -- Diagnostic features -- Management -- Prognosis -- Varicosities -- Chapter 8 Blisters -- Angina bullosa hemorrhagica (localized oral purpura -- traumatic

oral hemophlyctenosis) -- Diagnostic features -- Clinical features --
 Investigations -- Management -- Prognosis -- Chapter 9 Blisters,
 infections: Herpes simplex virus -- Herpes simplex -- Diagnostic
 features -- Management -- Prognosis -- Recurrent herpes labialis --
 Diagnostic features -- Management -- Prognosis -- Recurrent intraoral
 herpes -- Chapter 10 Blisters, infections: Varicella zoster virus --
 Chickenpox (varicella) -- Diagnostic features -- Management --
 Prognosis -- Zoster (shingles) -- Diagnostic features -- Management
 -- Prognosis -- Chapter 11 Blisters, skin diseases: Pemphigus --
 Pemphigus -- Diagnostic features -- Management -- Prognosis.
 Chapter 12 Blisters, skin diseases: Pemphigoid -- Diagnostic features
 -- Management -- Prognosis -- Chapter 13 Pigmented lesions --
 Superficial discoloration -- Hairy tongue (black hairy tongue -- lingua
 villosa nigra) -- Diagnostic features -- Management -- Prognosis --
 Chapter 14 Pigmented lesions: Ethnic pigmentation and tattoos --
 Ethnic pigmentation -- Diagnostic features -- Foreign body tattoos --
 Diagnostic features -- Management -- Prognosis -- Chapter 15
 Pigmented lesions: Melanotic macule -- Melanotic macule --
 Diagnostic features -- Management -- Prognosis -- Chapter 16
 Pigmented lesions: Nevus and others -- Diagnostic features --
 Management -- Prognosis -- Adenocorticotrophic hormone
 effects (ACTH) -- Chapter 17 Pigmented lesions: Malignant melanoma
 -- Diagnostic features -- Management -- Prognosis -- Chapter 18 Red
 and purple lesions -- Purpura -- Chapter 19 Red and purple lesions:
 Desquamative gingivitis, mucositis -- Desquamative gingivitis --
 Diagnostic features -- Management -- Prognosis -- Mucositis --
 Diagnostic features -- Management -- Chapter 20 Red and purple
 lesions: Erythematous candidosis -- Acute candidosis -- Diagnostic
 features -- Management -- Chronic candidosis -- Denture-related
 stomatitis (denture sore mouth -- chronic atrophic candidosis) --
 Diagnostic features -- Management -- Prognosis -- Angular stomatitis
 (angular cheilitis -- perleche) -- Diagnosis -- Management -- Median
 rhomboid glossitis (central papillary atrophy of the tongue) --
 Diagnostic features -- Management -- Prognosis -- Chapter 21 Red
 and purple lesions: Angiomas -- Hemangioma -- Diagnostic features
 -- Management -- Prognosis -- Venous lake (venous varix -- senile
 hemangioma of lip) -- Lymphangioma -- Chapter 22 Red and purple
 lesions: Proliferative vascular lesions, Kaposi sarcoma -- Proliferative
 vascular lesions -- Kaposi sarcoma.
 Diagnostic features -- Management -- Prognosis -- Chapter 23 Red
 and purple lesions: Erythroplakia -- Erythroplakia (erythroplasia) --
 Diagnostic features -- Management -- Prognosis -- Chapter 24 Red
 and purple lesions: Erythema migrans (lingual erythema migrans --
 benign migratory glossitis -- geographical tongue -- continental
 tongue) -- Diagnostic features -- Clinical features -- Management --
 Prognosis -- Chapter 25 Swellings: Hereditary conditions, drug-
 induced swellings -- Hereditary gingival fibromatosis (HGF) --
 Diagnostic features -- Management -- Prognosis -- C1 esterase
 inhibitor deficiency (hereditary angioedema) -- Drug-induced gingival
 overgrowth -- Management -- Prognosis -- Chapter 26 Swellings:
 Infections, Human Papilloma Virus -- Papilloma -- Diagnostic features
 -- Management -- Prognosis -- Warts (verrucae) -- Diagnostic
 features -- Management -- Prognosis -- Multifocal epithelial
 hyperplasia (Heck disease) -- Koilocytic dysplasia -- HPV and oral
 cancer -- Chapter 27 Swellings: Granulomatous conditions --
 Sarcoidosis -- Crohn disease and orofacial granulomatosis --
 Diagnostic features -- Management -- Prognosis -- Chapter 28
 Swellings: Reactive lesions -- Denture-induced hyperplasia (epulis

fissuratum) -- Diagnostic features -- Management -- Prognosis -- Fibroepithelial polyp (fibrous lump) -- Fibroma -- Giant cell epulis (peripheral giant cell granuloma) -- Pyogenic granuloma -- Peripheral Ossifying Fibroma (POF) -- Chapter 29 Swellings: Malignant neoplasms, oral squamous cell carcinoma (OSCC) -- Diagnostic features -- Management -- Prognosis -- Chapter 30 Swellings: Malignant neoplasms, lymphoma, metastatic neoplasms -- Lymphomas -- Diagnostic features -- Management -- Prognosis -- Metastatic oral neoplasms -- Chapter 31 Ulcers and erosions: Local causes, drug-induced ulcers -- Local causes.

Eosinophilic ulcer (traumatic eosinophilic granuloma -- traumatic ulcerative granulomatous disease) -- Drug-induced ulcers (stomatitis medicamentosa) -- Chapter 32 Ulcers and erosions: Aphthae -- Diagnostic features -- Management -- Prognosis -- Chapter 33 Ulcers and erosions: Aphthous-like ulcers -- Behçet syndrome (BS, Behçet disease) -- Clinical features -- Diagnosis -- Management -- Prognosis -- Chapter 34 Ulcers and erosions: Blood diseases, gastrointestinal disorders -- Blood diseases -- Leukemias -- Diagnostic features -- Management -- Prognosis -- Gastrointestinal disorders -- Celiac disease (gluten sensitive enteropathy) -- Diagnostic features -- Management -- Prognosis -- Chapter 35 Ulcers and erosions: Infections -- Hand, foot and mouth disease (HFMD -- vesicular stomatitis with exanthem) -- Diagnostic features -- Management -- Prognosis -- Herpangina -- Diagnostic features -- Management -- Prognosis -- Bacterial infections Acute necrotizing ulcerative gingivitis (Vincent disease -- acute ulcerative gingivitis, AUG, ANG, ANUG) -- Diagnostic features -- Management -- Prognosis -- Syphilis -- Gonorrhea -- Tuberculosis -- Chapter 36 Ulcers and erosions: Erythema multiforme, toxic epidermal necrolysis and Stevens-Johnson syndrome -- Erythema multiforme -- Diagnostic features -- Management -- Prognosis -- Toxic epidermal necrolysis (TEN, Lyell syndrome) and Stevens-Johnson syndrome (SJS) -- Prognosis -- Chapter 37 White lesions: Candidosis (candidiasis) -- Acute pseudomembranous candidosis -- Diagnostic features -- Management -- Prognosis -- Chronic hyperplastic candidosis (Candidal leukoplakia) -- Diagnostic features -- Management and prognosis -- Chronic mucocutaneous candidosis (CMC) -- Diagnostic features -- Management -- Prognosis -- Chapter 38 White lesions: Keratosis, leukoplakia -- Diagnostic features -- Management -- Prognosis. Tobacco-related keratosis -- Diagnostic features -- Management -- Prognosis -- Leukoplakia -- Management and prognosis -- Chapter 39 White lesions: Hairy leukoplakia, lichen planus -- Lichen planus (LP) and lichenoid reactions -- Diagnostic features -- Management -- Prognosis -- Hairy leukoplakia -- Diagnostic features -- Management -- Prognosis -- Chapter 40 Salivary conditions: Salivary swelling and salivary excess -- Salivary swelling -- Saliva excess (sialorrhea, hypersialia, hypersalivation, ptyalism) and drooling -- Diagnosis -- Management -- Chapter 41 Salivary conditions: Dry mouth -- Diagnosis -- Management -- Chapter 42 Salivary conditions: Sjögren syndrome -- Diagnostic features -- Management -- Prognosis -- Chapter 43 Salivary conditions: Sialolithiasis, sialadenitis -- Sialolithiasis -- Diagnostic features -- Management -- Prognosis -- Sialadenitis -- Sialadenitis: Acute viral (mumps) -- Diagnostic features -- Management -- Prognosis -- Sialadenitis: Acute bacterial ascending -- Diagnostic features -- Management -- Prognosis -- Sialadenitis: Chronic bacterial -- Diagnostic features -- Management -- Prognosis -- Sialadenitis: Recurrent parotitis of childhood -- Diagnostic features -- Management -- Prognosis -- Chapter 44 Salivary conditions:

Neoplasms -- Diagnostic features -- Benign neoplasms (adenomas) --
Malignant neoplasms -- Management -- Prognosis -- Chapter 45
Salivary conditions: Mucocèles, sialosis -- Mucocèles (mucous cyst --
mucus extravasation phenomenon -- myxoid cyst) -- Diagnostic
features -- Management -- Prognosis -- Sialosis (sialadenosis) --
Diagnostic features -- Management -- Prognosis -- Chapter 46 Neck
swelling -- Discrete swellings in the neck -- Cervical lymphadenopathy
-- Infection -- Malignant disease -- Unexplained lymphadenopathy --
Diffuse swelling of the neck.
Chapter 47 Neck swelling: Cervical lymphadenopathy in generalized
lymphadenopathy.
