NATO's policies and outlooks / Tad A. Schnauffer II -- Part 4 : threats to NATO -- The defense of the Baltic states : it is better to be prepared for a war that never comes than to rely on a peace that did not last / Janis Karlsbergs -- Fractured loyalties : ethnic minorities, Russia, and threats to NATO / Brandon Stewart -- The demographic threat / G. Doug Davis and Michael O. Slobodchikoff -- Part 5 : the future of NATO -- The relevance of the Atlantic alliance : "brain dead" or still vital? / Robert G. Bell -- The future of NATO and the strategic Black Sea area / George-Cristian Maior -- NATO's future : the show must go on / G. Doug Davis, Brandon Stewart, and Michael O. Slobodchikoff.

Sommario/riassunto

The post-Cold War order established by the United States is at a crossroads: no longer is the liberal order and U.S. hegemonic power a given. The Challenge to NATO is a concise review of the North Atlantic Treaty Organization (NATO), its relationship with the United States, and its implications for global security. Despite seeing its seventieth anniversary in 2019, NATO faces both external and internal threats to its continued survival. This volume examines the organization's past, its current regional operations, and future threats facing the Atlantic Alliance, with contributions by well-known academics, former central figures within NATO, and diplomats directly involved in NATO operations. In this volume, Michael O. Slobodchikoff, G. Doug Davis, and Brandon Stewart bring together differing perspectives and orientations to provide a complete understanding of the future of the Atlantic Alliance.
