Soggetti	Drug stability Drugs - Storage Home drug infusion therapy Parenteral feeding Databases.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Get the support you need to safely extend dating of parenteral drugs beyond the usual 24-hour limit--minimizing waste, lowering medication costs, and enabling optimal patient administration schedules at alternate infusion sites. The new seventh edition features the inclusion of monographs expanded beyond home infusion to be inclusive of all clinical settings where parenteral drugs are stored or compounded.
