| 1. Record Nr.           | UNINA9910796085603321  |
| Autore                  | Gill Robin <1944->   |
| Titolo                  | Chemical fundamentals of geology and environmental geoscience // Robin Gill  |
| Pubbl/distr/stampa      | Chichester, West Sussex : , : John Wiley & Sons, Inc., , 2015  |
| ISBN                    | 9781118957936<br>1118957938  |
| Edizione                | [Third edition.]   |
| Descrizione fisica      | 1 online resource (288 pages) : illustrations (some color)   |
| Collana                 | Wiley desktop editions   |
| Classificazione         | 450.13<br>540.24/553   |
| Disciplina              | 540.24/553   |
| Soggetti                | Chemistry<br>Environmental geochemistry<br>Geochemistry<br>Geology   |
| Lingua di pubblicazione | Inglese  |
| Formato                 | Materiale a stampa   |
| Livello bibliografico   | Monografia   |
| Note generali           | Previous edition: Chemical fundamentals of geology (London ; Glasgow : Weinheim : Chapman and Hall, 1996).   |
| Nota di bibliografia    | Includes bibliographical references and index.   |
| Nota di contenuto       | Energy in geochemical processes -- Equilibrium in geological systems -- Kinetics of earth processes -- Aqueous solutions and the hydrosphere -- Electrons in atoms -- What we can learn from the periodic table -- Chemical bonding and the properties of minerals -- Silicate crystals and melts -- Some geologically important elements -- What can we learn from isotopes? -- The elements in the universe. |
