Soggetti	World War, 1914-1918 - Nova Scotia Nova Scotia History 20th century Nova Scotia Social conditions 20th century
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	"When the First World War ended in 1918, its profound impact did not. The war continued to haunt a nation. Nova Scotia at War, 1914-1919 is an in-depth study of Nova Scotia's role in what was, at the time, the most traumatic collective experience in the history of Canadians. As Tennyson explores in 9 fascinating chapters, the war effort was more than just the brave soldiers and sailors who went overseas; it was also the civilians who worked in the fishery, on the farms, and in the forests, in the coal mines and steel mills. A specialist in early twentieth-century Canadian political history, author and historian Brian Tennyson examines the economic impact of the war, which shattered Nova Scotia's dream of becoming the Atlantic gateway and the industrial heartland of Canada. Includes 30 black and white photos."--
