Sommario/riassunto	Dr. Michael S. Heiser, a Scholar-in-Residence at Faithlife Corporation, presents fifteen years of research on what the Bible says about the unseen world of the supernatural unfiltered by tradition or by theological presuppositions. People shouldn't be protected from the Bible, Dr. Heiser says, but theological systems often do just that, by explaining away difficult or troublesome passages of Scripture because their literal meaning doesn't fit into our tidy systems. Who were the sons of God? Who were the Nephilim? Where do angels fit into the supernatural hierarchy? Why did God find it necessary to have the Israelites destroy the populations of entire cities man, woman, and child? What relation does Jesus bear to the rest of the supernatural world? Dr. Heiser shines a light on the supernatural world not a new light, but rather the same light the original, ancient readers and writers of Scripture would have seen it in.
