Fourteen Milkshake Lovers, Unite! Performing Infant Feeding: A Narrative of Theory and Practice -- Chapter Fifteen Embryonic Motherhood: Interrogating the Rhetoric of Infertility, Assisted Reproductive Technology, and Mothers of Multiples in Tabloid Culture -- Closing -- About the Contributors.

Sommario/riassunto

"There has been an increase of twin births and higher order multiple birth babies born in Canada and around the world in the past few decades. On Mothering Multiples: Complexities and Possibilities seeks to (re)explore, (re)present, and make meaning of the process of conception, pregnancy, childbirth, and mothering experiences with multiples. It features a collection of scholarly, creative non-fiction, and visual essays from a wide range of disciplines and cultural perspectives. Additionally, these scholarly and more artful accounts contribute to a body of literature that although present is also limited, and provide insight into some of the complexities and possibilities inherent in mothering multiples."--
