| Sommario/riassunto | "As an Elder once said, "Learn one Cree word a day for 100 days, and emerge a different person." In 100 Days of Cree Neal McLeod offers a portal into another way of understanding the universe--and our place within it--while demonstrating why this funny, vibrant, and sometimes salacious language is "the sexiest" of them all (according to Tomson Highway). Based on a series of Facebook posts, the 100 short chapters or "days" in the book present chains of related words, some dealing with the traditional--the buffalo hunt, the seasons--and others cheekily capturing the detritus of modern life--from internet slang to Johnny Cash songs to Viagra."-- |
