Sommario/riassunto	""Real knowledge is to know the extent of one's ignorance" Confucius I was a horrible test taker. Ask my former classmates. Despite a strong knowledge base and reasonable patient interaction skills, my arch nemesis was the multiple choice test. I share this fact with my students and residents to remind them they are far more than a score. Yet, passing the exam from American Board of Family Medicine is required to become a board certified Family Physician. This book is dedicated to you"--
