Georg. 3.230: pernox vs. pernix -- II. The dossier on the Helen episode (Aen. 2.567–588) -- Index locorum -- Index rerum et nominum |
| Sommario/riassunto | In this book, conceived as a sort of Prolegomena to his two Teubner editions, Conte gives account of his choices in editing his Virgilian text. Engaging in a passionate debate with his predecessors and critics, he guides the reader in a fascinating journey in the history of transmission and interpretation of Georgics and Aeneid and shows how lively textual criticism can be. |
