Sommario/riassunto	For years China's international investment interests focused on a search for natural resources in Africa, Asia, and Latin America. Recently, China's focus has shifted to Europe in fields as diverse as real estate, energy, hospitality, transportation, and heavy industry. Chinese foreign investment is expected to grow throughout Europe in years to come. The financial crisis and fall of the euro are helping Chinese companies create a new partnership within the European Union, working to expand China's power through finance and infrastructure. China's Offensive in Europe studies the trends, sector
