Nota di contenuto	Introduction -- Creating the bill of rights -- Early examples of "unenumerated rights" -- The newly enumerated right to privacy -- The ninth amendment in contemporary America -- Conclusion.
Sommario/riassunto	This book delves into the history of the Ninth Amendment, which guarantees individuals rights not specifically named within the Constitution or the other amendments. It was written using vague, open-ended language to ensure no American citizen would be denied the many rights he or she retained that were not explicitly enumerated.
