Sommario/riassunto	In The Antonine Constitution , Alex Imrie approaches the famous edict of AD 212 from numerous angles, offering an assessment of its rationale that is rooted in the dynamic period of the early third century. Controversial since its discovery, it is depicted here as a keystone in Caracalla's attempt to revolutionise the public image of the Severan dynasty after murdering his brother. There is an inherent paradox between the apparently progressive nature of the edict, and the volatile emperor responsible for it. The enigma is only heightened by a dearth of ancient evidence relating to the legislation. By combining literary and material evidence with the surviving papyrological record, Alex Imrie shows that Caracalla's rationale is best understood in an embedded context.

2. Record Nr.	UNISA996390363403316
Autore	Lee Samuel <1625-1691.>

Sommario/riassunto

Welcome to colorful Colorado, home of the infamous Stanley Hotel, ghostly city parks, and of course some of the best mountain viewing around. Just watch out for ghostly hitchhikers. Author Kailyn Lamb looks at locations throughout the state and dives head first into the history behind the ghosts and what made them stay. Join her investigating the history of some of Colorado's most haunted locations, you might find more than gold in those hills.
