

1. Record Nr.	UNINA9910796830003321
Autore	Ghiya Parth
Titolo	TypeScript microservices : build, deploy, and secure microservices using TypeScript combined with Node.js / / Parth Ghiya
Pubbl/distr/stampa	Birmingham ; ; Mumbai : , : Packt, , 2018
ISBN	1-78883-685-5
Descrizione fisica	1 online resource (399 pages)
Disciplina	001.6424
Soggetti	TypeScript (Computer program language)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Microservices has evolved as one of the most tangible solutions to make effective and scalable applications. Due to its evolution from ES5 to ES6 stack, Typescript has become one of the most de facto solutions. This book will help you leverage microservices' power to build robust architecture using reactive programming and Typescript in Node.js.
