

1. Record Nr.	UNINA9910796907803321
Autore	Samata Susan
Titolo	Cultural memory of language // Susan Samata
Pubbl/distr/stampa	New York : , : Bloomsbury Academic, , 2014
ISBN	1-4725-8374-4 1-4742-3661-8 1-4725-8375-2
Descrizione fisica	1 online resource (201 p.)
Collana	Contemporary applied linguistics ; ; 5
Classificazione	LAN009000LAN009050
Disciplina	401/.9
Soggetti	Language attrition Memory Psycholinguistics Sociolinguistics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Machine generated contents note: -- 1. Introduction: defining and delimiting the question -- 2. The research context -- 3. The wider cultural context -- 4. The methodological approach -- 5. The interviews and their interpretation -- 6. Conclusions: A complex but optimistic picture -- Bibliography -- Index.
Sommario/riassunto	"'I can't even speak my own language,' were the words overheard in a collage staffroom that triggered the writing of this book. Calling something 'my own' implies a personal, proprietorial relationship with it. But how can it be your own if you cannot speak it? The Cultural Memory of Language looks at unintended monolingualism - a lack of language fluency in a migratory cultural situation where two or more languages exist at 'home'. It explores family history and childhood language acquisition and attrition. What is the present everyday experience of language use and life between two cultures? Examining interview data, Samata uncovers a sense of inauthenticity felt by people who do not fully share a parent's first language. Alongside this features a sense of concurrent anger, and a need to assign blame. Participation in the language, even to the extent of phatic or formulaic phraseology, occasions feelings of authentic linguistic and cultural inclusion. The

book thus uncovers appreciable (and measurable) benefits in positive self-image and a sense of well-being. Looking at how people view language is essential - how they view the language they call their own is even more important and this book does just that in a qualified applied linguistic environment."--Bloomsbury Publishing.
