Descrizione fisica	1 online resource (249 p.)
Disciplina	401/.41
Soggetti	Anthropological linguistics Discourse analysis - Social aspects Identity (Psychology) Language and culture Sociolinguistics - History
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Part 1. Theoretical overview -- Introduction -- 2. The identities of language -- 3. How language shapes social perception -- Part 2. Languages, discourses and identities in the world -- 4. Quebec's shift from ethnic to civic national identity: implications for language attitudes amongst immigrants in Montreal -- 5. Trilingualism and Uyghur identity in the people's Republic of China -- 6. "Queensland for ever & Augus un Ballybug go braugh": the expression of identity in 19th century Irish emigrant letters -- 7. Indigenous languages, cultures and communities in the Amazon: strengthening identities -- Part 3. Critical pedagogies -- The language of leisure and physicality: constructing and re-constructing identity --Chapter 9. Drama and the identity of the language learner -- 10. Towards a cultural paradigm of alterity in modern foreign language (MFL) learning -- 11. English language teacher identity: A framework for teacher learning and professional development -- 12. Conclusion.

"Language not only expresses identities but also constructs them. Starting from that point, *Language and Identity* examines the interrelationships between language and identities. It finds that they are so closely interwoven, that words themselves are inscribed with ideological meanings. Words and language constitute meanings within discourses and discourses vary in power. The powerful ones reproduce more powerful meanings, colonize other discourses and marginalize or silence the least powerful languages and cultures. Language and culture death occur in extreme cases of marginalization. This book also demonstrates the socio-economic opportunities offered by language choice and the cultural allegiances of language, where groups have been able to create new lives for themselves by embracing new languages in new countries. Language can be a 'double-edged sword' of opportunity and marginalization. *Language and Identity* argues that bilingualism and in some cases multilingualism can both promote socio-economic opportunity and combat culture death and marginalization. With sound theoretical perspectives drawing upon the work of Bakhtin, Vygotsky, Gumperz, Foucault and others, this book provides readers with a rationale to redress social injustice in the world by supporting minority linguistic and cultural identities and an acknowledgement that access to language can provide opportunity."-- Bloomsbury Publishing.
