Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	This book uses the case study of public television in post-communist Latvia to explore how audiences respond to TV offerings and how their choices can be seen as an act of agency. Juzefovis builds his book around Albert Hirschman's ideas and uses tools from social constructionism to assess how the public responds to the role of public television.
