Easier said than done - choosing a suitable research design and method -- 9. The art of keeping a steady course structuring the analysis -- 10. Beginning and end - introduction and conclusion -- 11. Chaos and order - editing and referencing -- 12. When is it finished? Checklist summary -- References -- Index. Just starting your Masters? Worried about your dissertation? This book Sommario/riassunto is an indispensible guide to writing a successful Masters dissertation. The book begins by addressing issues youll face in the early stages of writing a dissertation, such as deciding on what to research, planning your project and searching for literature online. It then guides you through different aspects of carrying out your research and writing up, helping you to: write a research proposal; choose one or more methods; write the introduction and conclusion; discuss the literature; analyse your findings; edit and reference; formulate research questions; build your argument. The book offers guidance that other books often

miss, from dealing with emotional blocks, to ways of identifying your

strengths and weaknesses, and improving your writing. It addresses the social aspects of the writing process, such as choosing and working with an advisor, using social media and forming student work groups for added help and inspiration. Each chapter ends with an action plan, which is a resource section that features exercises and reflection questions designed to help you apply what youve read to your own work. The Student Success series are essential guides for students of all levels. From how to think critically and write great essays to planning your dream career, the Student Success series helps you study smarter and get the best from your time at university.
