| Sommario/riassunto      | In the past quarter century the world has witnessed dramatic social and political transformations, due in part to an upsurge in civil resistance.   |

There have been significant uprisings around the globe, including the toppling of communist regimes in Eastern Europe, the Color Revolutions, the Arab Spring, protests against war and economic inequality, countless struggles against corruption, and demands for more equitable distribution of land. These actions have attracted substantial scholarly attention, reflected in the growth of literature on social movements and revolution as well as literature
