Negation -- 5 Verbalization and actionality -- 6 Valence and voice -- 7 Nominalization and the development of finite temporal distinctions -- 8 Converbs -- 9 Evaluation -- Abbreviations -- References -- Language index -- Subject index
Sommario/riassunto	This book deals with shared verb morphology in Japanese and other languages that have been identified as Transeurasian (traditionally: "Altaic") in previous research. It analyzes shared etymologies and reconstructed grammaticalizations with the goal to provide evidence for the genealogical relatedness of these languages.
