Sommario/riassunto	Mentoring with Meaning, and its forthcoming companion, Making Mentoring Work, will help educators to mentor or to be mentored effectively in our schools. We all have had mentors, those key adults from family, work, and/or schools, who have assisted us in learning. Mentors help us to become good adults, skilled and able professionals, and contributing member of community and society. This book seeks to help everyone, educators in particular, to be mentored and to be a mentor.
