Mobilizing the Ethic; Epilogue: Heeding the Light, "Feeding the Green"; Notes; Bibliography; Index; About the Author
Sommario/riassunto	Over the last fifteen years, people have been slowly waking up to the toxic and alienating practices that have come to make up the American Way of Death. Greening Death explores this awakening, arguing that beyond the greener and more cost-efficient practices of the Green Burial Movement lies an even greater promise-tying us back to the earth.
