Sommario/riassunto	"Curbside Consultation in Oculoplastics: 49 Clinical Questions, Second Edition contains new questions and brief, practical, and evidence-based answers to the most frequently asked questions that are posed during a "curbside consultation" between surgical colleagues. The unique Q&A format provides quick access to current information related to oculoplastics in the simplicity of a conversation between two colleagues. Numerous images, diagrams, and references are included to enhance the text and to illustrate surgical pearls. Curbside Consultation in Oculoplastics: 49 Clinical Questions, Second Edition provides information basic enough for residents while also incorporating expert pearls that

even experienced ophthalmologists will appreciate"--Provided by
publisher.
