football experience in Sweden -- Racism, racialization and xenophobia:
African footballers in the eyes of fans and media -- Conclusion:
football, integration, and national identity.

Sommario/riassunto

This book employs men's football as a lens through which to investigate questions relating to immigration, racism, integration and national identity in present-day Sweden. Specifically, this study explores if professional football serves as a successful model of multiracialism/multiculturalism for the rest of Swedish society to emulate.
