Nota di bibliografia Includes bibliographical references. This book is an exploration of the potential of the ethnosymbolic Sommario/riassunto approach to nation and identity to act as an instrumental tool for research into the mechanisms of identity-building. Using insights and data from Bulgarian history and culture, it views the construction of Bulgarian national identity as a modern process intimately affected by circumstances which prevailed in nineteenth-century Bulgarian society, and also as a process which, for its structural and psychological

peculiarities of an available but always malleable

prerequisites, drew upon and reworked various specific features and
