Nota di contenuto	Ethics in its place -- Overturning mountains -- Downstream impacts: environmental, economic, and social effects of mountaintop removal -- Environmental ethics and the construction of values -- Relation, revelation, and revolution: a theocentric approach to mountaintop removal -- The meanings of the mountains: discourses of power, identity, and destruction in the mountaintop removal debate -- All my holy mountain: power, identity, and reclamation from a theocentric perspective -- Loving the mountains: conclusions, challenges, and ways forward.
Sommario/riassunto	Proposes a Christian ethical analysis of the controversial mining practice that has increasingly divided the US and has often led to fierce and even violent confrontations. Andrew R.H. Thompson provides a thorough introduction to the issues surrounding surface mining, including the environmental consequences and the resultant religious debates, and highlights the discussions being carried out in the media.
