Sommario/riassunto	The progress of the Greek economy from its low point in 1950 to its healthy state in 1963 is traced in detail by Professor Zolotas, Governor of the Bank of Greece for the last ten years. Originally published in 1965. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the

Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
