Offutt -- Jonathan Edwards, The Enlightenment, and the formation of Protestant tradition in America / Avihu Zakai -- Order, ordination, subordination: German Lutheran missionaries in eighteenth-century Pennsylvania / Wolfgang Splitter -- Chartered enterprises and the evolution of the British Atlantic world / Elizabeth Mancke -- Seeds of empire: Florida, Kew, and the British

imperial meridian in the 1760s / Robert Olwell -- A visual empire: seeing the British Atlantic world from a global British perspective / John E. Crowley -- "Of the old stock": Quakerism and transatlantic genealogies in colonial British America / Karin Wulf.

Sommario/riassunto

"Was the British Atlantic shaped more by imperial rivalries or by the actions of subnational groups with a variety of economic, social, and religious agendas? [This book] analyzes the interrelationship between these competing explanations for the development of the British Atlantic by examining migration patterns on both the macro and micro levels. It also scrutinizes the roles played by trade, religion, ethnicity, and class in linking Atlantic borders and the increasingly complicated legal, intellectual, and emotional relationships between the British sovereign and colonial charterholders"--Cover, page [4].
