

1. Record Nr.	UNINA9910798058703321
Autore	Schulz Ansgar
Titolo	Perfect scale : architektonisches Entwerfen und Konstruieren // Ansgar und Benedikt Schulz
Pubbl/distr/stampa	Munchen : , : Detail, , [2015] ©2015
ISBN	3-95553-308-5
Descrizione fisica	1 online resource (144 p.)
Collana	DETAIL Special
Classificazione	ZH 3450
Soggetti	Architectural design
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di contenuto	Front matter -- Inhalt -- Zwischen den Linien -- Grundsätzliches -- Entwurfsmaßstab -- Konstruktionsmaßstab -- Zeichnungen -- Drawings -- Between the lines -- The basics -- Design scale -- Construction scale -- CV
Sommario/riassunto	<p>Architectural Design and Construction Perfect scales for architectural design and construction Thinking and working in a variety of scales lies at the heart of architecture. What scale should be selected for which design decision? At what point is it sensible to change the scale? What can and ought to be depicted in a true-to-scale architectural drawing? And how can such a drawing remain clear and thus appealing? An architectural drawing is not least a means of communication. It contains pieces of information which are relevant for various recipients. The choice of the appropriate scale determines whether the client or the construction worker understand what is being conveyed. In view of the countless possibilities offered by CAD, the objective of clearly and unambiguously conveying one's own ideas is occasionally lost sight of. The authors, Ansgar Schulz and Benedikt Schulz, provide orientation with their book, exemplarily guiding the architectural drawing back to its original purpose: the creation of exceptional structures.</p> <p>Architektonisches Entwerfen und Konstruieren Ideale Maßstäbe für das architektonische Entwerfen und Konstruieren Das Denken und Arbeiten in unterschiedlichen Maßstäben gehört zum Kern der Architektur. Doch in welchem Maßstab muss welche Entwurfsentscheidung getroffen</p>

werden? Zu welchem Zeitpunkt ist es sinnvoll, den Maßstab zu wechseln? Was kann, was soll in einer maßstabsgerechten Architekturzeichnung dargestellt sein? Und wie gelingt es, dass diese Zeichnung übersichtlich, lesbar und dennoch einem ästhetischen Anspruch gerecht wird? Die Architekturzeichnung ist nicht zuletzt ein Mittel der Kommunikation. Sie enthält Informationen, die für unterschiedliche Adressaten relevant sind. Die Wahl des richtigen Maßstabs entscheidet darüber, ob der Bauherr oder der Handwerker versteht, was gemeint ist. Angesichts der zahllosen Möglichkeiten des CAD gerät das Ziel, eigene Ideen klar und eindeutig zu transportieren, bisweilen aus den Augen. Ansgar und Benedikt Schulz geben Orientierung und führen die Architekturzeichnung exemplarisch auf ihren ursprünglichen Zweck zurück: ausgezeichnete Bauwerke zu schaffen.

2. Record Nr.	UNINA9910965514403321
Titolo	Taking socialism seriously // edited by Anatole Anton and Richard Schmitt
Pubbl/distr/stampa	Lanham, Md., : Lexington Books, c2012
ISBN	979-82-16-32661-8 1-280-66644-7 9786613643377 0-7391-6637-9
Descrizione fisica	1 online resource (278 p.)
Collana	Critical studies on the left
Altri autori (Persone)	AntonAnatole SchmittRichard <1927->
Disciplina	335
Soggetti	Socialism Socialists
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Contents; Introduction; Chapter One: Twenty-five Questions about Socialism; Chapter Two: In Defense of Marxism; Chapter Three: But

What Is Your Alternative?; Chapter Four: Romantic Couple Love, the Affective Economy, and a Socialist-Feminist Vision; Chapter Five: Socialism, Post-Capitalism, and the Division of Labor; Chapter Six: Socialism and Human Nature; Chapter Seven: Solidarity: The Elusive Road to Socialism; Chapter Eight: Is Socialism Relevant in the "Networked Information Age"?; Chapter Nine: Beyond Capitalism and Socialism; Chapter Ten: Social Movements and Struggles for Socialism
Index About the Contributors

Sommario/riassunto

Capitalism is in crisis. Is a better world possible and what would it look like? Taking Socialism Seriously breaks important new paths for significant social change by examining detailed questions seriously that had previously been neglected.
