Nota di contenuto	Frontmatter -- Vorwort zur 5. Auflage -- Inhaltsübersicht -- Abkürzungsverzeichnis -- Verzeichnis der abgekürzt zitierten Literatur -- Erster Teil: Gegenstand, Wesenszüge und Anwendungsbereich -- A. System und Prinzipien des Sachenrechts -- B. Das Sachenrecht als Recht betreffend die absolute Zuordnung vor allem von Sachen -- C. Die allgemeine Güterzuordnung über das Sachenrecht hinaus, insbesondere der verfassungsrechtliche Schutz der privaten Güterzuordnung -- D. Auswirkungen der deutschen Wiedervereinigung -- E. Anwendbarkeit des deutschen Sachenrechts (internationales Sachenrecht) -- F. Europäische Rechtsangleichung; Arbeit der UNCITRAL und des UNIDROIT -- Zweiter Teil: Die Sachenrechte und der Besitz -- A. Der Besitz -- B. Das Grundbuch -- C. Eigentum -- D. Hypothek, Grundschuld an Grundstücken und Pfandrecht an beweglichen Sachen und an Rechten -- E. Nießbrauch, sonstige Dienstbarkeiten und Reallast -- F. Die grundstücksgleichen Rechte -- Dritter Teil: Dingliche Positionen zwischen schuldrechtlichem Anspruch und dinglichem Recht -- A. Vormerkung -- B. Vorkaufsrecht -- C. Anwartschaftsrecht -- Vierter Teil: Sicherungsrechte und Eigentumsvorbehalt -- A. Überblick -- B. Akzessorische Sicherung -- C. Nicht akzessorische Sicherung -- D. Eigentumsvorbehalt -- E. Der Rang der Sicherungsrechte -- F. Folgerung -- Anhang: Grundbuchmuster -- Entscheidungsregister -- Sachregister

Das Sachenrecht ist eine Hauptmaterie des Privatrechts. Das Eigentum, insbesondere das an Grundstücken, ist der zentrale Begriff des verfassungs- und einfachrechtlichen Rechtsschutzes. Mit dieser Einordnung verliert der Stoff jede Trockenheit. Es entwickelt sich vielmehr ein erheblicher Reiz: So ist das gesamte System unseres Rechtsschutzes vom Eigentum als Prototyp der subjektiven Rechte und des Rechtsschutzes her zu verstehen. Den Ansatz, unser Recht als Gesamtsystem zu begreifen, verfolgt das vorliegende Buch von Jan Wilhelm. Das Grundsätzliche ist in allen Details zu entfalten. Die Zuordnung der Rechte zu mehreren Personen, sei es in Gestalt der Bruchteilsgemeinschaft (insbesondere beim Wohnungseigentum), sei es in Gestalt der Gesamthands-Personengesellschaften, weiter das internationale Sachenrecht und das europäische Sachenrecht, und sodann Grundbuch, Besitz und die einzelnen Sachenrechte werden untersucht. Das Buch schließt mit der zentralen Rolle der privaten subjektiven Rechte als Mittel der Kreditsicherung. Eine Besonderheit des Buches besteht in der Auseinandersetzung mit der Rechtsprechung. Diese ist nach Kräften bis zum Jetztstand berücksichtigt. Grundsätzlich bedeutsame Entscheidungen werden nicht nur angeführt, sondern als vollständige Falllösungen präsentiert. Ein Handbuch für Wissenschaft und Praxis des Privatrechts. Ein Lehrbuch für die Studierenden zur Erörterung und Vertiefung von Einzelfragen.

debate on the quest for relevance -- Introduction -- Perceived source
of shortcomings of the remedial approach.
Calls for a paradigm shift: towards a developmental approach.

Sommario/riassunto

The Routledge Handbook of Postcolonial Social Work reflects on and dissects the challenging issues confronting social work practice and education globally in the post-colonial era. By analysing how countries in the so-called developing and developed world have navigated some of the inherited systems from the colonial era, it shows how they have used them to provide relevant social work methods which are also responsive to the needs of a postcolonial setting. This is an analytical and reflexive handbook that brings together different scholars from various parts of the world - both North and South - so as to distill ideas from scholars relating to ways that can advance social work of the South and critique social work of the North in so far as it is used as a template for social work approaches in postcolonial settings. It determines whether and how approaches, knowledge-bases, and methods of social work have been indigenised and localised in the Global South in the postcolonial era. This handbook provides the reader with multiple new theoretical approaches and empirical experiences and creates a space of action for the most marginalised communities worldwide. It will be of interest to researchers and practitioners, as well as those in social work education.
