

1. Record Nr.	UNINA9910781772503321
Autore	Colebrook Claire
Titolo	Deleuze : a guide for the perplexed / Claire Colebrook
Pubbl/distr/stampa	London ; New York, : Continuum, 2006
ISBN	1-282-01409-9 1-4725-4634-2 9786612014093 1-4411-5577-5 1-4411-2431-4
Edizione	[1st ed.]
Descrizione fisica	1 online resource (189 p.)
Collana	Guides for the perplexed
Disciplina	194
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (pages 169-173) and index
Nota di contenuto	Cinema, thought and time -- Deleuze's cinema books -- Technology -- Essences -- Space and time -- Bergson, time, and life -- The movement-image -- The history of time and space and the history of cinema -- The movement-image and semiotics -- Styles of sign -- The whole of movement -- Image and life -- Becoming-inhuman, becoming imperceptible -- The deduction of the movement-image -- Art and time -- Destruction of the sensory motor apparatus and the spiritual automaton -- Time and money -- Art and history -- Monument -- Framing, territorialization, and the plane of composition -- Politics and the origin of meaning -- Transcending life and the genesis of sense -- Beyond symbolic and imaginary -- Shit and money -- Exchange, gift, and theft -- The fiction of mind -- Collective investment and group fantasy -- The time of man -- The intense germinal influx Abbreviations -- Introduction -- Chapter One: Cinema, Thought and Time -- 1.1 Deleuze's Cinema Books -- 1.1.2 Technology -- 1.1.3 Essences -- 1.1.3 Space and time -- 1.1.4 Bergson, Time and Life -- Chapter 2: The Movement-Image -- 2.1 The History of Time and Space and the History of Cinema -- 2.2 The Movement-Image and Semiotics -- 2.3 Styles of Sign -- 2.4. The Whole of Movement -- 2.5 Image and

Life -- 2.6 Becoming-Inhuman, Becoming Imperceptible -- 2.7 The Deduction of the Movement-Image -- 2.7.1 Firstness -- 2.7.2 Affect -- 2.7.3 From Movement-Image to Time-Image -- Chapter Three: Art and Time -- 3.1 Destruction of the sensory motor apparatus and the spiritual automaton -- 3.2 Time and Money -- Chapter Four: Art and History -- 4.1 Monument -- 4.2 Framing, Territorialisation and the Plane of Composition -- Chapter Five: Politics and the Origin of Meaning -- 5.1 Transcending Life and the Genesis of Sense -- 5.2 Beyond Symbolic and Imaginary -- 5.3 Shit and Money -- 5.4 Exchange, Gift and Theft -- 5.5 The Fiction of Mind -- 5.6 Collective Investment and Group Fantasy -- 5.7 The Time of Man -- 5.8 The Intense Germinal Influx -- Conclusion -- Bibliography -- Index --

Sommario/riassunto

Continuum's Guides for the Perplexed are clear, concise and accessible introductions to thinkers, writers and subjects that students and readers can find especially challenging. Concentrating specifically on what it is that makes the subject difficult to fathom, these books explain and explore key themes and ideas, guiding the reader towards a thorough understanding of demanding material. Gilles Deleuze is undoubtedly one of the seminal figures in modern Continental thought. However, his philosophy makes considerable demands on the student; his major works make for challenging reading and require engagement with some difficult concepts and complex systems of thought. Deleuze: A Guide for the Perplexed is the ideal text for anyone who needs to get to grips with Deleuzian thought, offering a thorough, yet approachable account of the central themes in his work: sense; univocity; intuition; singularity; difference. His ideas related to language, politics, ethics and consciousness are explored in detail and - most importantly - clarified. The book also locates Deleuze in the context of his philosophical influences and antecedents and highlights the implications of his ideas for a range of disciplines from politics to film theory. Throughout, close attention is paid to Deleuze's most influential publications, including the landmark texts *The Logic of Sense* and *Difference and Repetition*.

2. Record Nr.	UNINA9910798167303321
Titolo	Le lapin : de la biologie A l'elevage / / Thierry Gidenne, coordinateur
Pubbl/distr/stampa	Versailles, Yvelines, France : , : Editions Quae, , 2015
ISBN	2-7592-2417-1
Descrizione fisica	1 online resource (291 p.)
Collana	Savoir faire, , 1952-1251
Disciplina	636.9322
Soggetti	Rabbits - Diseases Rabbits as laboratory animals
Lingua di pubblicazione	Francese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	Sommaire; Preface; Avant-propos; Chapitre 1. Anatomie, taxonomie, origine, evolution et domestication; Anatomie; Morphologie generale, squelette, dentition, musculature; Anatomie de l'appareil reproducteur; Anatomie digestive; Taxonomie; Origine, evolution et domestication; Origine et diffusion; Apparition de l'elevage et de la domestication; Races et lignees de lapins; Pour en savoir plus; Chapitre 2. Physiologie; Physiologie generale; Respiration; Thermoregulation; Immunité; Organes des sens et perceptions sensorielles; Excretion urinaire; Physiologie circulatoire et parametres sanguins Physiologie digestiveDigestion enzymatique; Microbiote digestif et activite microbienne cæcale; Transit digestif et motricite particuliere du colon proximal; Cæcotrophie et excretion de feces; Physiologie de la reproduction; La puberte; La gametogenese; Le cycle oestral; L'accouplement; L'ovulation; La pseudogestation; La fecondation; Le developpement embryonnaire et la gestation; La mise-bas; La lactation; Pour en savoir plus; Chapitre 3. Reproduction; Conduite de la reproduction; Age des reproducteurs (male et femelle); Mode de reproduction; Preparation de la future reproductrice Systeme de conduite et rythmes de reproductionInsemination artificielle; Interets de l'insemination artificielle; Technique; Facteurs de reussite de l'insemination artificielle lies a la femelle; Facteurs de reussite de l'insemination artificielle lies au male; Facteurs de reussite de l'insemination lies a la technologie de la semence; Autres facteurs

intervenant sur la réussite de l'insemination artificielle; Methodes d'induction de la receptivite sexuelle des lapines au moment de l'insemination; Biotechnologies de la reproduction et cuniculture; Congelation de la semence
Collecte et transfert d'embryonsSexage des spermatozoides; Production d'embryons in vitro; Transfert de genes; Clonage; Pour en savoir plus; Chapitre 4. Habitat et comportement; Habitat naturel et hebergement en elevage; En nature; En conditions d'elevages professionnels (France et Union europeenne); Socialite; En nature; En conditions d'elevage; Comportement maternel et relations mere-jeunes; Nid et parturition; Rythme de visite au nid et allaitement; Reconnaissance des jeunes par la mere/adoptions, sevrage; Comportement du jeune; Developpement sensoriel et comportemental
Interaction avec la mere et comportement de teteEmergence et comportements associes; Pour en savoir plus; Chapitre 5. Nutrition et alimentation; Comportement alimentaire et ingestion de nutriments; Une alimentation lactee quasi-exclusive jusqu'a trois semaines d'age; Avant le sevrage : transition du lait vers l'aliment solide; Alimentation solide chez le lapin en croissance et l'adulte; Choix alimentaires « libres » du lapin : interets et risques; Nutriments et specificites pour le lapin; Principes generaux de nutrition cunicole; Nutriments pour la croissance et la sante digestive
Nourrir la jeune femelle future reproductrice
