Nota di bibliografia Includes bibliographical references and index. Sommario/riassunto What is the state of governance in sub-Saharan Africa? Is it possible to identify the best practices and approaches to establishing political systems that promote accountability, transparency, peace, and civic space for all? These are the questions addressed in this book. While the concept of governance is considered to be central to political science, our understanding of it is still imprecise, with extant studies focused primarily either on think-tank indicators, economic management, or political studies of democratization. This book critically examines the

record on democratization in Afric
